Regional Inspectorate of Education – Sofia

Dear Participants, Organizers and Guests,

Allow me on behalf of the Regional Inspectorate of Education – Sofia and me personally to welcome you and wish you successful and positive work in the days of the Seminar.

The serious preparation, the ambitious program, the professionalism and the authority of the participants, representatives of national associations of independent schools, prove how important and responsible part of the educational activity of each European country is the quest of new approaches to learning as a key to success. High quality education is a priority of every nation that respects itself. That is why I am so delighted that Sofia is the host of this Seminar.

The meeting is a sort of challenge to all the participants and at the same time it provides opportunity for exchange of good European practices. I hope that the shared experience and the discussions will be useful for you and create fruitful professional contacts.

Good luck!

Evgenia Valkova
