THREE BULGARIAN PEDAGOGIES FOR LIFELONG LEARNERS

Prof. Silvia Nikolaeva, PhD
Sofia University “St. Kliment Ohridski”
silvianikolaevabg@abv.bg
855: Glagolitic script

1762: first schools

15-17th century: first schools

19th century: first modern schools

After 1878: laying the foundations of the educational system
The founders – who they are?
PETER DEUNOV – THE SPIRITUAL MASTER

1864 - 1944

SUNNY PEDAGOGY

Education and self-education for healthy and nature-friendly way of living and learning
Basics of PanEuRhythm

SUNNY PEDAGOGY

THREE PRINCIPLES: LOVE, FREEDOM, WISDOM

3 types of educational methods based on the 3 principles of human nature and addressing the 12 rays of human development

Methods of light (WISDOM): spirit, brain, thoughts, knowledge

Methods of warmth (FREEDOM): body, will, action, freedom

Methods of power (LOVE): soul, hart, feelings, life
About 50 years after Deunov …

What do they do?

EDUCATIONAL SYSTEM FOR ACCELERATING A POWERFUL MIND: *Or how to create socially strong personalities?*
## PHILOSOPHY

- Love for wisdom, arts and creativity
- Freedom
- Education is the most valuable service today and in the future
- Socially powerful people need special support
- Good educational environment and system
- Hard work and strong efforts

## PRINCIPLES

- To work on both conscious and unconscious level of thinking and learning
- Breaking fears from failure, barriers
- Positive competition in a happy team
- Sustainable feedback and life line between students and teachers
- Consistency and team work
- Good family moral cultivating love to work and joy of working
- The inspiring example of the most successful people

## TECHNIQUES

- Time schedule: 8 a.m. – 12 p.m.
- Poetry in physics lessons
- The 7 mortal sins explained by physical lows
- Adventure tours and challenges
- Experimental work
- Accelerated learning

Out of mobiles
Love stories are allowed
To teach with love and inspiration
Inspiring environment
Positive good will competition
High level of common sense
Arts and nature go together with science
The results

- 19 absolute champions at national physics olimpiads
- 8 (from 12) golden medals at international physics olimpiads
- More than 50 participants at international physics olimpiads during last 12 years
## Comparing the systems

<table>
<thead>
<tr>
<th>Similarities</th>
<th>Specifics</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Humanistic paradigm</strong></td>
<td><strong>Historical backgrounds</strong></td>
</tr>
<tr>
<td><strong>Value-based approaches</strong>: Love, freedom, creativity, ecology, positivism</td>
<td><strong>Addressing specific educational needs or tasks</strong></td>
</tr>
<tr>
<td><strong>Addressing human nature as a whole</strong>: energy exchange, unconscious and conscious communication and learning, cognitive, affective and behavior assimilation and reflection.</td>
<td>- Value (spiritual) education</td>
</tr>
<tr>
<td><strong>Reaching highest human potential</strong> – spiritual, cognitive, moral, physical</td>
<td>- Memorizing</td>
</tr>
<tr>
<td><strong>Looking for effective tools to break the internal barriers and enlarging the individual potential</strong> for accelerated learning and development - through healthy, value-oriented and nature-friendly way of living, positive support, and overcoming intrinsic fears.</td>
<td>- Creative learning</td>
</tr>
<tr>
<td><strong>Holistic interdisciplinary approaches to learning</strong>: learning by doing, feeling, working, sharing, observing, creating, solving problems, living healthy, caring about nature and others, challenging etc.</td>
<td><strong>Focused on specific target groups</strong></td>
</tr>
<tr>
<td><strong>Followers and sustainable practices</strong></td>
<td>◦ Spiritual community</td>
</tr>
<tr>
<td></td>
<td>◦ All ages learners</td>
</tr>
<tr>
<td></td>
<td>◦ Extracurricular learning for secondary and university students</td>
</tr>
