Universal Soft Skills

Soft skills are character traits and interpersonal skills that characterize a person’s relationships with other people.
A Whole Child Development Approach

Inside our roots is the education based on values. Humanistic christianity. The perception of the human being as a whole, and the continuous search for innovation.
And a lot of more…
How?

• Values of the Catholic Schools (solidarity, inclusion…)
• Formal Education (competences inside the curriculum)
• Informal Education
• Non-Formal Education (open schools 7 days a week)
• Always in collaboration with the families
• A centered-student approach
• Accompaniment of the student in his personal development

The Future is today

Catholic Schools aims to offer the maximum number of learning opportunities to every child. Soft skills have always been at the heart of our whole child development approach. And nowadays we will continue working them inside the classrooms with the support of our institutions, headmasters and teachers. Being inspired by those who investigate for the Common Good.
